served by One Team

South & East Lincolnshire Councils Partnership

Our Mission:

The Home Energy Advice and Retrofit Team provides an approachable and knowledgeable service to residents seeking advice on how to make their homes more energy efficient.

The Team is particularly keen to support households in rural communities to reduce their energy bills and can provide advice to those in need. Please let us know of anyone in your community who could benefit from our support.

For those interested in finding out about Government grants and support for insulation, solar panels, low carbon heating and more, please do not hesitate to contact the team by phone, email or letter.

We look forward to hearing from you.
