

Community Hub Timetable

As part of the work to support our communities, we have created a local Community Hub network who work with us to help residents access and navigate services and support. The timetable below and leaflets attached, let you know what's on and where.

East Lindsey District Council recognise the value of community support. If you are a hub in your community or a project supporting people and would like to work in partnership with us to help residents access services, advice and support please get in touch with communitysupport@e-lindsey.gov.uk
