B4. Please give details of why you consider the Local Plan is not legally compliant or is unsound?

If you wish to support the legal compliance or soundness of the Local Plan, please also use this box to set out your representations.

32/SP4 clause 1

Council state: "Within the medium and small villages, the conversion and redevelopment of sites for housing will be supported, where those sites are brownfield and have **agricultural** buildings on them that have become disused."

As per page 30/SP4 Paragraph 1 modification this deletes the addition of **agricultural buildings as Brownfield** in order to conform to the meaning in the NPPF for Brownfield, but then the council re-adds it here at 32/SP4 through the back door.

By adding the word **agricultural** and in the way this is written suggests that Brownfield sites are only sites that have agricultural buildings on them. This does-not conform to the meaning of Brownfield in the NPPF that states:

Previously developed land: Land which is or was occupied by a permanent structure, including the curtilage of the developed land (although it should not be assumed that the whole of the curtilage should be developed) and any associated fixed surface infrastructure. This excludes: land that is or has been occupied by agricultural or forestry buildings; land that has been developed for minerals extraction or waste disposal by landfill purposes where provision for restoration has been made through development control procedures; land in built-up areas such as private residential gardens, parks, recreation grounds and allotments; and land that was previously-developed but where the remains of the permanent structure or fixed surface structure have blended into the landscape in the process of time."

In fact the meaning of Brownfield in the NPPF excludes land that is or has been occupied by agricultural buildings so this is in contradiction & does not conform to the NPPF,

Please be as precise as possible.

B5. Please set out what changes you consider necessary to make the proposed Main Modification to the Local Plan legally compliant or sound. Having regard to the test you have identified at B3 above where this relates to soundness?

You will need to say why this modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The word agricultural should be removed. It should simply state "Within the medium and small villages, the conversion and redevelopment of sites for housing will be supported, where those sites are Brownfield & are not in current use, or are empty or disused. Brownfield land is land as defined by the glossary of the National Planning Policy Framework.

Please be as precise as possible.

B6. Do you have any comments on the updated Addendum to the Sustainability Appraisal or Addendum to the Habitats Regulations Assessment in respect of this particular modification?

No other than what has been already stated elsewhere

Please be as precise as possible.
