The amendment is contradictory.

Is the coastal zone defined by the hazard maps or by the settlement list?

Our client has a site on the edge of Tetney. This is part within the low risk area on the hazard maps; part Flood Zone 1, 2 & 3. As Tetney is not on the list of settlements is it acceptable to develop this site or is it 'banned' because of the hazard map?

Also, there is not explanation as to how any of the policies involving flood risk relate to the sequential & exception tests.

Please be as precise as possible.

B5. Please set out what changes you consider necessary to make the proposed Main Modification to the Local Plan legally compliant or sound. Having regard to the test you have identified at B3 above where this relates to soundness?

You will need to say why this modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Revert back to allowing sites on the low risk (green) areas.
