**B4. Please give details of why you consider the Local Plan is not legally compliant or is unsound?**

If you wish to support the legal compliance or soundness of the Local Plan, please also use this box to set out your representations.

No assessment of our housing and infrastructure needs has been done so the proposed plan is not compliant with the national Planning Policy framework.

Our housing needs should be considered and then look at the social and environmental and economic issues.

Why has Granthorpe been allowed housing in a flood zone and why aren't Granthorpe and Marchthorpe in the coastal zone in clause 1 when they are in the flood risk map area?

Please be as precise as possible.

**B5. Please set out what changes you consider necessary to make the proposed Main Modification to the Local Plan legally compliant or sound. Having regard to the test you have identified at B3 above where this relates to soundness?**

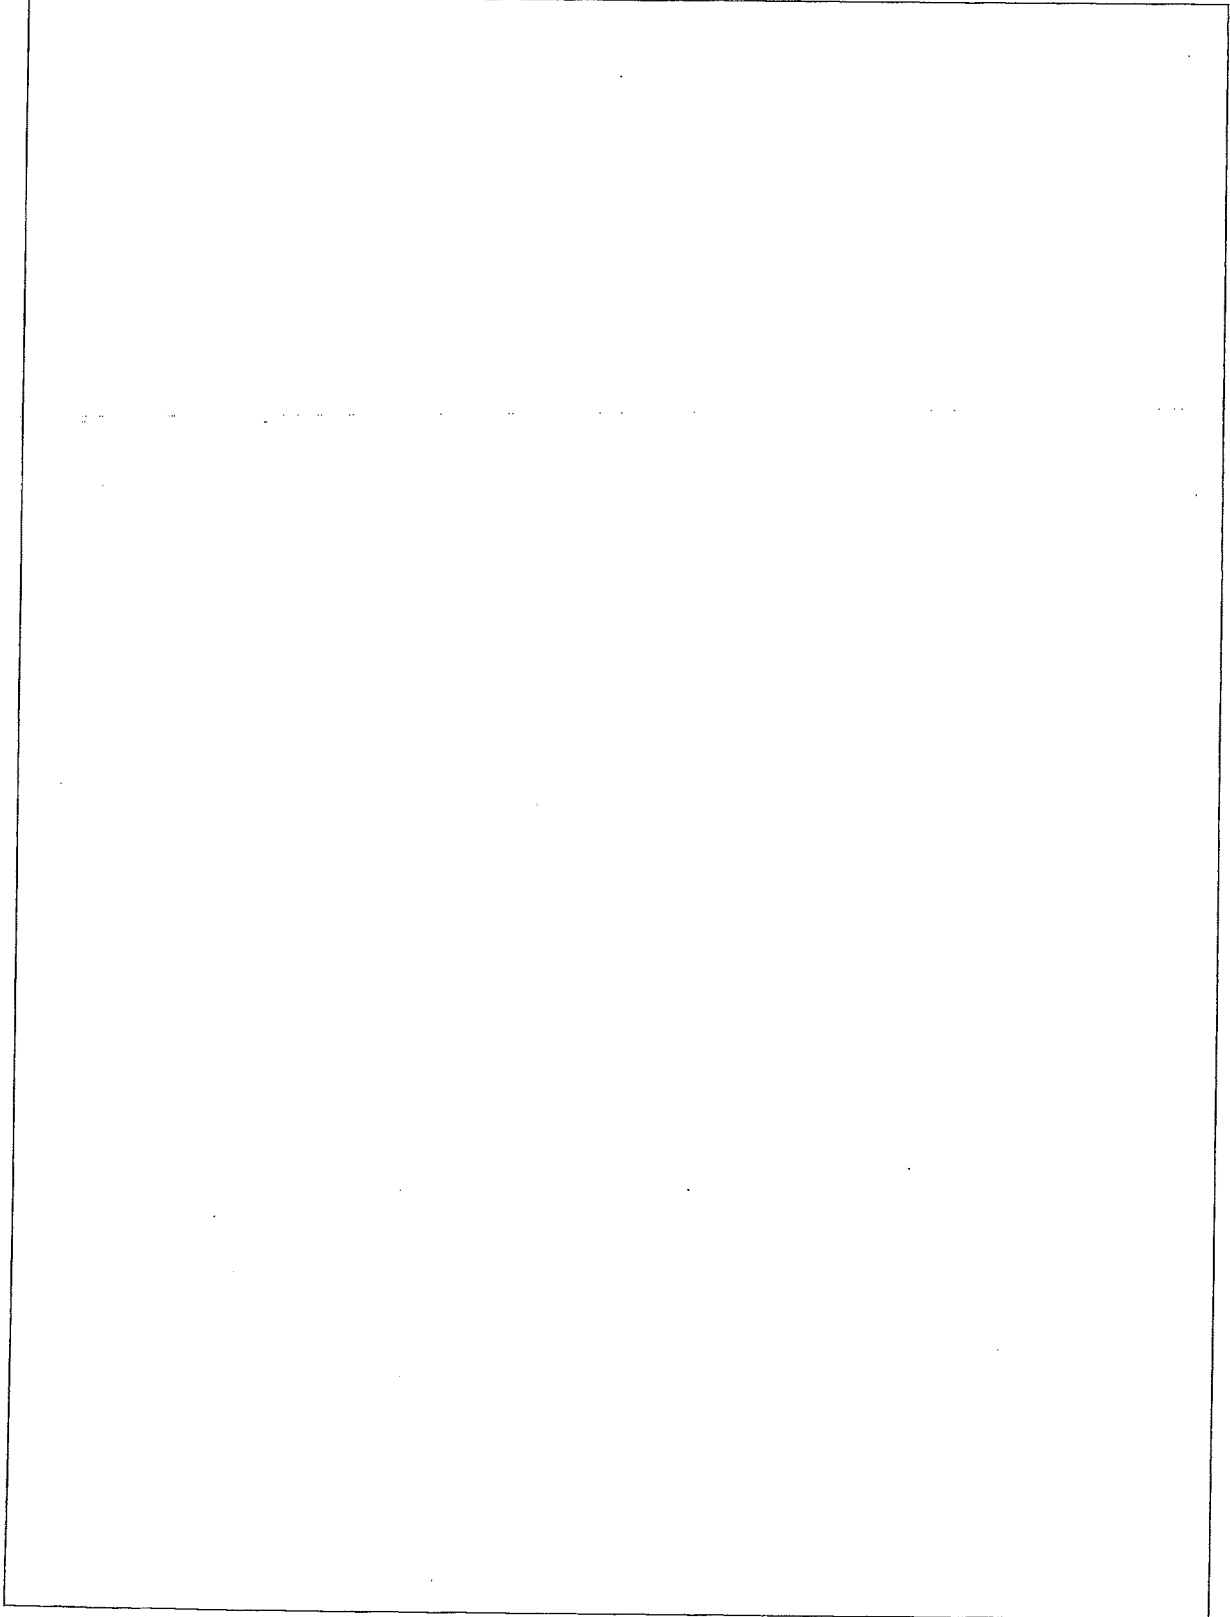

You will need to say why this modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

A proper assessment of our villages housing need is essential. Without this it is not fair to say if the existing house permissions will be enough and how can anyone know what these are when they aren't written down anywhere for those living in the village to easily see?

This is the largest village on the coast so why will Marshchapel and Crainthorpe be allowed housing even if it is not in this plan and we want? If any coastal zone village gets housing it should be North Somercotes where all the facilities are based including a new co-op store.

Please be as precise as possible.

**B6. Do you have any comments on the updated Addendum to the Sustainability Appraisal or Addendum to the Habitats Regulations Assessment in respect of this particular modification?**

A large, empty rectangular box with a thin black border, intended for the respondent to provide their comments on the updated Addendum to the Sustainability Appraisal or Addendum to the Habitats Regulations Assessment.

Please be as precise as possible.
