

Part A: Personal Details

*If an agent is appointed, please complete only the Name and Organisation boxes for the client in 'Your Details', but complete the full contact details of the agent.

	Your Details	Agent's Details* (if applicable)
Name (including title):	Ms Annette Hewitson	
Organisation (where relevant):	Environment Agency	
Address:		
Post Code:		
Telephone number:		
Email address:		

NOTE:

Representations will only be accepted that refer to a proposed change shown in the *Schedule of Proposed Main Modifications to the Pre-Submission Draft Local Plan (2017)*, the map changes or to the Habitats Regulations Assessment Report, incorporating Main Modifications (2017) or Sustainability Appraisal Report, incorporating Main Modifications (2017).

Your responses on the above documents will be sent to the Planning Inspector without prejudice to the Inspectors final report.

You should not repeat or re-submit your previous representations, these have already been considered by the Inspector during the examination process.

B4. Please give details of why you consider the Local Plan is not legally compliant or is unsound?

If you wish to support the legal compliance or soundness of the Local Plan, please also use this box to set out your representations.

The Environment Agency supports the principle of what we believe the proposed modifications are trying to achieve but we have concerns that as the modifications are currently worded they will be open to interpretation. We think different interpretations of which seasonal occupancy condition would apply, and also whether the policy relates to extending the occupancy period or the site area would be possible.

We suggest amended text below, which we believe will address this and ensure that the Policy and supporting text accords with National Policy and will not be open to interpretation.

Please be as precise as possible.

B6. Do you have any comments on the updated Addendum to the Sustainability Appraisal or Addendum to the Habitats Regulations Assessment in respect of this particular modification?

No.

Please be as precise as possible.
