East Lindsey Emerging Local Plan Proposed Main Modifications (2017) Consultation  
 Mr Robert Gant, Land at Mareham Le Fen, Site MLF303

MAIN MODIFICATION REFERENCE	COMMENT	SUGGESTED CHANGE – IF ANY
<p><b>MM4</b>  <b>Policy SP3</b>  <b>Page 23</b>  <b>Paragraph 12</b></p>	<p>We support the changes that confirm that a minimum of 6562 new homes will need to be provided in the inland area. This provides clarity regarding the growth requirements of the Plan area.</p>	
<p><b>MM4</b>  <b>Policy SP3</b>  <b>Page 24</b>  <b>Paragraph 15</b></p>	<p>We support the change of wording to clarify the Plan’s approach of distributing growth across a range of settlements to support the existing settlement hierarchy and the distribution of services. This approach meets the core planning principles set out in the National Planning Policy Framework and will deliver the homes, businesses and industrial units, infrastructure and thriving local places that the country needs. Concentration of growth would lead to the decline of many currently thriving settlements across East Lindsey.</p>	
<p><b>MM4</b>  <b>Page 26</b>  <b>Policy SP3</b>  <b>Paragraph 32</b></p>	<p>We support the new emphasis on the benefit of windfall development in supporting local communities and to meet the Local Plan Growth targets. We note the Plan will no longer include a figure for the expected contribution from windfall and that the Council is reviewing its monitoring procedures in order to quantify the past and expected future contribution from this form of supply. It is important to confirm the Council’s continued support to windfall development.</p>	
<p><b>MM4</b>  <b>Page 30</b>  <b>SP3</b>  <b>Clause 5</b></p>	<p>Support the introduction of the definition of “appropriate locations for new growth”. This provides useful clarity in the assessment of potential windfall sites.</p>	

<p><b>MIM27</b> Page 121 Policy SP28 New paragraph after 16</p>	<p>We welcome the commitment to update and review the Infrastructure Delivery Plan on an annual basis. This will give the opportunity for Infrastructure providers to review the needs and opportunities of an area and ensure developers are not presented with unreasonable and unjustified demands.</p>	
<p><b>MIM30</b> Page 7 Para 1.8</p>	<p>We support the commitment to maintain a continuous delivery of housing until the end of the plan period.</p> <p>We also support the commitment to review the impact of the housing policies in advance of the submission of a revised plan before April 2022. The approach to growth in both the Coastal and Inland areas of East Lindsey is unique in Lincolnshire and represents a significant change. The impact of the new approach on the delivery of sustainable development is unknown and will need to be closely monitored to identify its success and failure.</p>	
<p><b>MIM30</b> Page 11 Paragraph 2.7</p>	<p>We support the clarification that the growth figures for each settlement are not intended as maximum figures. We understand the discussion at the Hearing Sessions concluded that the table showed the expected capacity of the housing allocations in each settlement, that the figures are not a policy requirement for each site and a different number of dwellings could in fact be provided and did not represent an allocation of growth to each settlement. A minor change to the wording should be promoted to align with MM4 (page 26, policy SP3, paragraph 21 Table B).</p>	<p>“Table A below, shows the capacity of the housing allocations in each settlement. “or similar wording adapted from MM4.</p>
